## **FOR THE ATTENTION OF THE TRADE**

### **E-AUCTION**

We are pleased to introduce the API access to integrate/connect your internal systems (e.g. ERP, CRM, Accounting, BI platforms, etc.) with the Smart Auction platform. The API integration can enable seamless extraction of auction data and retrieve them within your existing system(s). This will reduce the time it takes to re-enter data between systems and improve data management and analytics capabilities across the organization.

#### **How to Enroll?**

If you would like to obtain API access to the Smart Auction Platform, please send your request to CTTA via [hemaratne@chamber.lk](mailto:hemaratne@chamber.lk) with the following information contained in the email body:

- Organization Name
- Reason for Requesting API access (what you intend to do)
- Name & Mobile number of the Contact Person
- Name of Approver

Please note that you must obtain approval from an authorized person in your organization before sending the request to CTTA. All the inquiries are handled exclusively by CTTA and are given priority on a first-come, first-served basis.

#### **How to Learn More?**

If you would like to learn more about API access, contact OKLO Support via [support@okloworld.com](mailto:support@okloworld.com).
